

It is with great pleasure to announce the forthcoming conference
**The sixth Visegrad* Conference “Dynamical System, Prague 2015”,
6-10 July.**

<http://ds15.fsv.cvut.cz/>

The main themes of the conference will be:

billiards
dynamics on special continua
entropy
topological dynamics

Our aim is to provide an opportunity for mathematicians from all over the world to present results of their research, to promote existing collaboration and also to encourage new collaboration.

Special attention will be paid to the participation of young researchers and also students, their input being especially appreciated. In particular, they will pay reduced fees.

The conference will start on Monday morning, the 6th July, and finish on Friday late afternoon, the 10th July.

Details of registration, accommodation and fees for the conference will be written in our next announcement regarding the event.

On behalf of the Conference Committee

Jozef Bobok
